

# Steve's Beer Of The Month Club

## How It Works:

Each month, Steve's will select a beer that we think is worthy of trying at least 4-6 times. With each month comes an informational sheet that includes everything from backstories to pairings. We love to hear feedback on the beers as well, so if you feel strongly about one, please let us know!

## The Rules:

- 6 or 4 packs will be available for pickup on the first of each month
- No ID or certificate is necessary for pickup
- Because most beers chosen for the beer club should be drank fresh, we are unable to hold beers for more than 3 months.
